

COMBUSTION

BESPOKE BAR Anointed “everything that was important in Miami” by Urban Daddy in 2009, B Bar is the latest creation of visionary designer Callin Fortis, the aesthetic master also behind iconic nightclubs Crobar, Cameo and Vinyl. Guests enter B Bar via a dim, hidden stairwell inside the subtly luxurious Betsy Hotel on Ocean Drive. The lounge’s vintage interior is enveloped in dark red, lavender and purple hues illuminated by hand-cut Parisian lamps. The bartenders are artisans themselves, crafting cocktails that, like the lounge and parent hotel, are traditionally elegant with contemporary nuances. The Black Pearl combines Corner Creek Bourbon, fresh blackberries and elderflower liquor, while the signature Josephine cocktail (a tribute to Ms. Josephine Baker) is a smooth concoction of apricot liqueur and Thousand Flower runny honey. Reminiscent of a speakeasy, B Bar is an underground gem that you’ll have a hard time staying hush hush about. BBarSoBe.com
