## **New fresh-catch restaurant at the Marriott will complement Pompano Beach's evolving dining, cultural and residential landscape.**

AND Fish Kitchen + Bar is Pompano Beach's newest fresh-catch culinary experience located inside the Fort Lauderdale Marriott Pompano Beach Resort & Spa. The new concept, which replaced McCoy's Oceanfront restaurant, celebrated its grand opening on Feb. 7.

The heart of AND Fish resides in its diverse seafood options, mainland favorites, hand-crafted cocktails and curated wine list served in a contemporary nautical setting. Seafarer selections include Blue Point oysters, grilled octopus, a lobster roll on artisan bread and island seafood stew in a Thai curry broth over coconut rice. Landlubbers can dig into the chairman's dry-aged, bone-in rib-eye with compressed Yukon, rainbow chard and bone marrow butter with a red wine reduction. Each dish has an accompanying wine recommendation, hand-picked for a perfect pairing by the culinary team.

Delectable desserts include a tantalizing strawberry shortcake, key lime pie and warm chocolate cake with rummed bananas and salted caramel.

The 115-seat indoor restaurant's contemporary nautical setting was designed by Bigtime Design Studios of Miami. Its décor features subtle sea and sand graphic nods to the restaurant's beachfront locale, including marine life, fishing and diving lore, ship ropes and rigging accents.

AND FISH Kitchen + Bar is located at 1200 North Ocean Boulevard in Pompano Beach. For reservations, call 954-944-9515 or visit [opentable.com](http://opentable.com). AND Fish is open Monday through Sunday, daily, for dinner with a leisurely extended Happy Hour from 3pm to 7pm.
